Commissioner of Patents and Trademarks

The communication filed January 4, 2002 is non-responsive to the prior Office action because it fails to comply with the Sequence Rules. Specifically, as noted on the attached Raw Sequence Listing Error Report, the CRF has several errors including incorrect lengths and incomplete explanations of codes. The Sequence listing was not entered by the Scientific and Technical Information Center. Since the response appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a TIME LIMIT of ONE MONTH from the date of this letter or within the time remaining in the response period of the last Office action, whichever is longer. Applicant may elect to either extend the period for response set in the last office action up to a maximum of SIX MONTHS or to extend from this ONE MONTH limit under 37 CFR 1.136 (a) or (b) up to SIX MONTHS from the mailing date of this letter.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeff Fredman, Ph.D. whose telephone number is (703) 308-6568.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Benzion, can be reached on (703) 308-1119.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0196.
